

6 Days or more, or less—what do you want to do?

Product Details

Brand: Multi-day tours,

In our multiday tours we stay out in the countryside and have the opportunity to enjoy more beautiful sights because we don't spend time driving to Reykjavik in the evening. We carefully pick our hotels, where there is good food and atmosphere. The accommodation, breakfast, and two-course gourmet dinners are included at the hotels. For Northern Lights hunters staying in the countryside away from the light pollution, we often have a good opportunity to see them. On our tours you will get to know everything about the nature, locals, their interesting food and folklore

Tour highlights:

For first-time visitors, we usually recommend visiting the sites of the so-called Golden Circle because it has so much history and geology and helps in understanding everything else we see on our tours. Add to this tour in all directions for as many days as you like.

We offer tours all over Iceland and can plan anything you like.

Each day is usually 8-10 hours depending on how much you choose to do.

If you have a list of places you would like to visit, we will make the itinerary for you.

Remarkable Second Trip with Season Tours

May 2023

I love Tyffi. It's that simple. I traveled with Tyffi on Season Tours in 2018 with a yoga group and stayed in touch with him between then and now. I assembled my own group of seven and brought them back to see the things I hadn't seen before. Tyffi **customized** a 10-day trip for my group and it was spectacular. He's just a total gem and we saw so many amazing things. He has such a quiet wit about him, he shares just enough and at the right times, and is a wizard at scouting the best bakeries and bathroom stops (which were generous and appreciated). We stayed in seven different hotels, which allowed me to scout lodging for my next visit with a new group in 2025. If you have not been to Iceland, I STRONGLY urge you - in fact, I BEG OF YOU, to reach out to Season Tours and book them. While I have not traveled with Tyffi's business partner, I hear he's a riot and would be another good option.
