2-Day - Golden Circle and South coast

Product Details

Brand: **Multi-day tours,**

In our multiday tours we stay out in the countryside and have the opportunity to enjoy more beautiful sights because we don't spend time driving to Reykjavik in the evening. We carefully pick our hotels, where there is good food and a good atmosphere. The accommodation, breakfast, and two-course gourmet dinner are included. For Northern Lights hunters staying in the countryside away from the light pollution, we often have a good opportunity to see them. On our tours you will get to know everything about the nature, locals, their interesting food, and folklore.

Best. Iceland. Day. Ever!

Jul 2023

Tyffi and Gunsi arranged the best day for our family of 11 (and all ages) in July! After conferring with Tyffi we ended up with Gunsi as our guide and were quite pleased with his knowledge of geology, sagas, trolls and history of Iceland. We went to a icy cold spring water pond and filled our water bottles with clear pure glacier water - our kids were enchanted with the spot. He pointed out natural herbs. Told us about life in Iceland - human, animal and plants! For my husband who is interested in geothermal power - he was informative. He picked an off the beaten path of tourists for lunch which was absolutely delicious. Organized our bathroom stops with sights and snacks! He even emailed a suggestion of a public swimming pool for our families to enjoy and meet other Icelanders on our off day.

Our kids will remember our day with Gunsi for a very long time!

This tour takes us to the most famous sites in Iceland along with some hidden gems. We visit waterfalls, geysers, black sand beaches, and a glacier. The Viking Parliament was founded at the boundaries of the North American and Eurasian tectonic plates. The history, geology, flora, and fauna will all come alive on this tour when you learn about it. Learn about how much the glaciers have grown in the past centuries. How the glaciers and ocean have shaped and are still shaping the land. Walk behind a waterfall and be amazed about how much the landscape changes with a few minutes' drive between places. Try Icelandic pastries and food and be amazed.
