

## Two days Snæfellsnes peninsula

### Product Details

Brand: Multi-day tours,

In our multiday tours we stay out in the countryside and have the opportunity to enjoy more beautiful sights because we don't spend time driving to Reykjavik in the evening. We carefully pick our hotels, where there is good food and atmosphere. The accommodation, breakfast, and two-course gourmet dinner are included. For Northern Lights hunters staying in the countryside away from the light pollution, we often have a good opportunity to see them. On our tours you will get to know everything about the nature, locals, their interesting food and folklore

### Amazing tours

Feb 2024 • Couples

We took 2 tours, one of the Snæfellsnes Peninsula with Gunnsi and one of the Golden Circle with Tyffi. The hotels that were booked for us were fantastic, they were modern and comfortable and had every amenity. The breakfasts and evening meals of a very high standard and so fresh. Our guides were the best !! and they really took good care of us. They are very knowledgeable and passionate about their country, and took us to sights we would never have found on our own. They are also very knowledgeable about the history and folklore of Iceland which is really interesting. We would highly recommend Season Tours ! The guys really do take care of you
