

Two days Reykjanes & Golden Circle

Product Details

Brand: Multi-day tours,

In our multiday tours we stay out in the countryside and have the opportunity to enjoy more beautiful sights because we don't spend time driving to Reykjavik in the evening. We carefully pick our hotels, where there is good food and atmosphere. The accommodation, breakfast, and two-course gourmet dinner are included. For Northern Lights hunters staying in the countryside away from the light pollution, we often have a good opportunity to see them. On our tours you will get to know everything about the nature, locals, their interesting food and folklore

Tour Highlights:

Day one—The Reykjanes Peninsula

- Pick up from your hotel in the vicinity of Reykjavik or directly from Keflavik Airport.
- The first stop is breakfast at the **Viking museum**, where the Viking ship **Íslendingur** is on display.
- The **Bridge Between Continents** is a man-made tourist attraction but, nevertheless, a very interesting one and worth visiting.
- **Gunnhver** is a very powerful "ghost" hot spring.
- **Reykjanestá** is the edge of the peninsula with a beautiful ocean view.
- We visit the splashing waves at **Brimketill**.
- Premium access to the **Blue Lagoon** awaits you. You can then relax in the hot water, get the silica mask to soften your skin and get ready for the next day.
- On the way from the **Reykjanes Peninsula**, we stop by **Seltún**, a colorful geothermal area.
- View over **Lake Kleifarvatn**.
- Now we check if the president is at home in **Bessastaðir**.
- Driving through Reykjavík over the **Hellisheiði** heath to the town of **Selfoss**.
- Staying and dining in the area of **Selfoss** town.

Day two—The Golden Circle

- Hike around **Kerið crater** and down to its lake.
- **Gullfoss** waterfall is one of Iceland's most iconic tourist attractions. The waterfall is a two-step waterfall where the first one is 11 meters (33 feet) and the second one is 22 meters (66 feet) high.
- Geysir spring area, with the erupting geyser **Strokkur**. **Strokkur** spouts every five to ten minutes up to 30 meters or 100 feet up in the air. Sometimes less but when it spouts, it can spout two or three times in a row. Best not to put your camera down!
- **Brúarfoss**, the ever-blue waterfall.
- The historical site **Vígða Laug** by **Lake Laugarvatn**, where the people of Iceland have twice changed religion.
- **Þingvellir**, the Fields of Parliament, was founded in 930 AD at the boundaries of the North American and Eurasian tectonic plates.
- **Þórufoss**, a hidden gem featured in the TV series **Game of Thrones**.
- The tour ends in the vicinity of Reykjavik or anywhere you like between Keflavik and Selfoss.

Two Great Tours

Feb 2018 • Couples

On a recent visit to Iceland we had 2 full day tours with Seasons Tours, the **Reykjanes** Peninsula with Tyffi and the Golden Circle with Oktovia ; both were outstanding. Our guides were knowledgeable, interesting and enjoyable to be with. The tours included more than we had anticipated and we visited many wonderful sites and places always with informative commentary and explanation. Seasons Tours is outstanding and when we return to Iceland we will definitely contact them again.

This tour takes you to the sites of the so-called Golden Circle with its rich history, sagas, folklore, geology, flora, and fauna. The Reykjanes Peninsula is the youngest part of Iceland, only a few hundred thousand years old. Still in the making. Drive through the ghost town of Grindavík, where people had to evacuate a few years back and witness the new lava a few feet from people's homes. Driving from the beach inland to the mountains shows a great deal of diversity in landscape in Iceland.
